

MOHD MONISH

Full-Stack Web Developer

+91 8532083765 @ mohd2002monish@gmail.com https://www.linkedin.com/in/mohd2002monish Delhi

SUMMARY

I am an analytical and detail-focused Full Stack Developer with 3+ years of hands-on experience, proficient in the MERN stack. I specialize in building scalable, production-grade web applications and have a strong focus on clean and maintainable code. My skills extend to creating AI-driven applications and integrating automation workflows seamlessly. I excel in delivering innovative and efficient solutions in contemporary web environments

EXPERIENCE

Full Stack MERN Developer (Full-time)

Empiric Infotech LLP

12/2024 - Present surat

A technology company focusing on innovative web solutions.

TECH STACK : React.js, Node.js, Express.js, TailwindCSS, Docker, DigitalOcean, elasticSearch, chatgptAPI, Cloudflare, and N8N

- Built and maintained Admin Panel and User Panel using React.js with responsive and scalable UI components. Led the end-to-end design and development of an AI-powered Applicant Tracking System (ATS) from scratch.
- Designed and developed RESTful APIs using Node.js and Express.js to support core application workflows.
- Implemented microservices-based backend architecture to improve scalability, performance, and maintainability.
- Integrated AI-driven features using ChatGPT API to automate candidate screening, communication, and workflow intelligence.
- Designed and automated complex business workflows using n8n, reducing manual operations and improving system efficiency.
- Implemented Elasticsearch for advanced search, filtering, and high-performance data retrieval.
- Containerized services using Docker and deployed applications on DigitalOcean with production-ready configurations.
- Managed Cloudflare for DNS, security, and performance optimization.
- Acted as sole owner of development, deployment, monitoring, and ongoing maintenance of the platform.

React.js Developer (Project Based)

corenet Tech LTD

06/2024 - 12/2024 surat
